Garage Gossip

Hey Gang!

September 2012

Another great month is gone and we have a lot ahead of us! There is the Swap Meet and Harvest Days. Celia and Sherry have been hard at work preparing the clubhouse for the BBQ and a Hoot-n-Nanny. You remember what a 'Hoot-n-Nanny is don't you?? That is toe tapping, leg slapping, and foot swinging music after a cooked-outside on the grill dinner with great friends who have cool cars! And we are having one Friday, September 21th, 5:30pm, at Cannonsburgh Village. We have invited the Shelbyville club to join us. So bring your family and your 'cool car', a big appetite, and your boot-scooten jeans. You may want to bring your spectacles too because we will be showing on the big screen the movie about Cannonsburgh and our car club as shown on local television.

If you have read the latest Antique Automobile magazine you have seen the wonderful coverage given to the National/Grand National Meet in Shelbyville. Also, you discovered that we now have a national celebrity among us!! The Honorable Ronald Merritt, Esq. Yes, our very own friend, fellow club member, and leader of the free world. He will be signing autographs so bring your copy of the magazine and make it a special treasure.

Let's Remember ...

On the evening of Sept. 11, 2001, President George W. Bush spoke to a grieving nation: "The pictures of airplanes flying into buildings, fires burning, huge, huge structures collapsing have filled us with disbelief, terrible sadness and a quiet, unyielding anger. None of us will ever forget this day, yet we go forward to defend freedom and all that is good and just in our world."

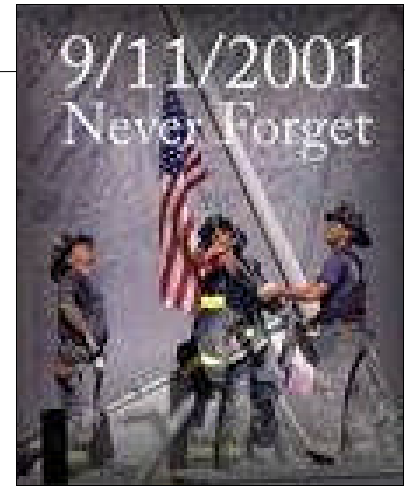

Over the last 10 + years, "Never forget" has become a rallying cry for Americans. Memorials have been designed and constructed, and pillars of light climb into the Manhattan sky on each anniversary. The very date -- 9/11 -- has become a symbol of our national vulnerability and commitment to renewed security and strength. Images of the planes crashing into the towers serve as ubiquitous calls to grief and anger. A poignant photograph of firefighters erecting an American flag among the ruins symbolizes a fierce nation that will not be cowed by displays of terror and destruction. *Never forget.*

Honor and Remembrance Ceremony will begin at 8:30 a.m. and a Remembrance in Light Service begins at 7 p.m., organizers said. Both tributes are free and open to the public and will be held at the Garden of Reflection 9-11 Memorial.

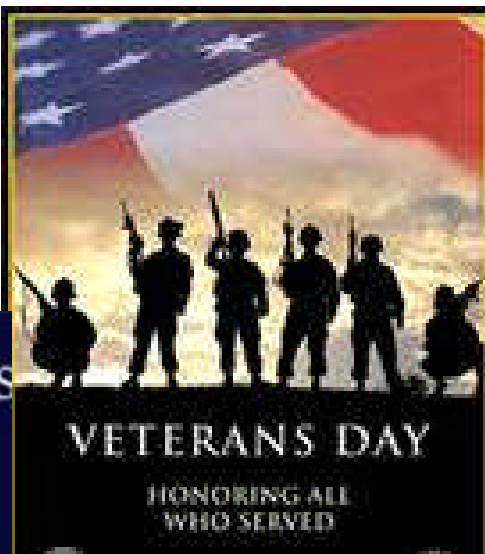

The garden symbolizes "After Darkness ... Light." It is in Memorial Park off Woodside Road in Lower Makefield.

Local architect Liuba Lashchyk designed the memorial, which includes a beam from the World Trade Center in New York City and twin fountains to represent the footprints of the twin towers.

In addition, there is an outer Remembrance Walk memorializing the 2,973 victims killed in the attacks in New York, outside Washington, D.C. and in western Pennsylvania. The inner Memorial Core includes tributes to each of the 18 victims with ties to Bucks County.

Veterans Day in 2012
is on Sunday, the
11th of November.

The picture of the service men raising the American Flag over Iwo Jima reminds me of the firemen raising the flag over the ruins of the twin towers.

TO ALL OF OUR VETERANS
WE HONOR YOU!
WE THANK YOU!

Special Thanks goes to all our car club members, who have served in our Armed Services.
